Jeremiah 31:3

Long ago the LORD said to Israel: "I have loved you, my people, with an everlasting love. With unfailing love I have drawn you to myself."

We also can say that the Lord loves us. If we look back over the years of journeying with Him, we too can say that God was with us. Sometimes we may have not recognized His presence, but He was there.

You may have witnessed the one set of footprints in the sand thinking you were alone during a painful time; not so, He faithfully carried you through each one.

Is something blocking God's eternal plan for you? Is it one of life's roadblocks? We know that the Lord can turn those around for the good because He loves you.

May you be blessed with His presence, and may you know that you have His eternal love.

Blessings to all,
Ray White
